

## **ACCOUNT INFORMATION**

**RATE INFORMATION** - The Dividend Rate and Annual Percentage Yield on your accounts are set forth within and are subject to change. The Dividend Rates and Annual Percentage Yield applicable to the account depends on the balance range as set forth within. Once a balance range is met, the rate for that tier will apply to the entire account balance. For certificate accounts, the Annual Percentage Yield is based on an assumption that interest will remain on deposit until maturity. A withdrawal of Dividends will reduce earnings.

**NATURE OF DIVIDENDS** - Dividends are paid from current income and available earnings after required transfers to reserves at the end of a Dividend period. The Dividend Rate and Annual Percentage Yield set forth within are the prospective rates that CALCOE anticipates paying for the applicable Dividend period. Dividend Non-Payment Rule: on member's deposits represented by a deposited check that is later dishonored, CALCOE may determine not to pay Dividends on the check amount for the time period the check was outstanding.

**DIVIDEND CREDITING** - Dividends will be accrued by Simple Accrual Method and credited monthly. The Dividend period begins on the first calendar day of the month and ends on the last calendar day of the month. Dividends shall be paid on the full balance in the accounts for each day the accounts meet the minimum balance requirements.

**ACCRUAL OF DIVIDENDS** - Dividends on cash deposits will begin accruing when the deposit is received. Dividends on non-cash items such as checks, drafts, and remote deposits may start accruing on the day CALCOE receives provisional credit. If you close your account before accrued Dividends are credited, accrued Dividends will not be paid.

**BALANCE INFORMATION** - The minimum balance required to each account are set forth within. For all non-certificate accounts, Dividends are calculated by Simple Daily Accrual method. See Dividend calculation equation located within for Dividend computation. For all non-certificate accounts there is a minimum daily balance requirement to earn Dividends and obtain the stated Annual Percentage Yield as set forth within.

**TRANSACTION LIMITATIONS** - As set forth in Federal Regulation D, Primary Savings/Share account and Money Market savings account transaction limits will apply. No more than six (6) transfers by check or debit purchase, pre-authorized, automatic, HomeBanking, telephonic or Audio Response transfers to another account or to a third party during any calendar month. If you exceed these limitations, your accounts may be subject to a fee or be closed, and transactions may not be honored.

## **SHARE CERTIFICATE & IRA CERTIFICATE INFORMATION**

**COMPOUNDING AND CREDITING** - See within for compounding equation. Dividends will be credited quarterly. The Dividend period begins 1<sup>st</sup> day of each quarter. Dividends shall be paid on the full balance in the accounts for each day the accounts meet the minimum balance requirements, set forth within.

**TRANSACTION LIMITATIONS** - After the account is opened, no addi-

tional deposits to that account will be accepted. However, there are no limitations to withdrawals though penalties may apply.

**EARLY WITHDRAWAL PENALTY** - CALCOE may impose a penalty if any principal is withdrawn before the maturity date. Penalties are as follows:

Term of 6 Months:	30 Days' Dividends
Term of 12 Months:	90 Days' Dividends
Term of 18 Months:	120 Days' Dividends
Term of 24 Months:	180 Days' Dividends

The penalty is calculated as a forfeiture of part of the Dividend that has been or would have been earned. It applies whether or not the Dividend has been earned.

(At CALCOE's option, the account may be paid before maturity without imposing an early withdrawal penalty, e.g. death of account owner.)

**RENEWAL METHOD** - The account will automatically renew upon maturity. A grace period of ten (10) days after maturity is given to allow funds to be drawn without penalty.

**NONTRANSFERABLE/NONNEGOTIABLE** - This account is nontransferable and nonnegotiable. The account funds may not be pledged to secure any obligation of an owner, except obligations with CALCOE.

## **CHRISTMAS CLUB**

Available for individual accounts only. Share draft (checking) account is required for participation. Beginning balance is at zero dollars. An auto-transfer is required to transfer funds from share draft (checking) account to Christmas Club account. Minimum of one (1) auto-transfer per month with transfer amount maximum of \$100. Christmas Club account balance will transfer into share draft (checking) account on October 31<sup>st</sup>. One (1) free withdrawal per Christmas Club term, \$5 fee per withdrawal per term thereafter. Account term begins November 1<sup>st</sup>, ends on October 31<sup>st</sup>.

## **SHARE ACCOUNT FEES**

**Early Membership Closure** within 90 days of opening - \$35  
**Account Inactivity** (Quarterly charge after 12 months without activity) - \$5 per quarter
